## ABSTRACTS SUBJECT INDEX

- Ageing, physiology of, 120
- Allopurinol, effects on serum and urinary uric acid levels, 36
- Amyotrophy of hands as early manifestation of familial spastic paraplegia, 37
- Anaesthesia, epidural, in management of pain, 302
- Analgesic nephropathy, 80, 180
- Antibodies, antinuclear, diagnostic significance and methods of detection, 253
- Anti-inflammatory drugs, treatment of adjuvant arthritis in rats with, 35
- Antinuclear antibodies, diagnostic significance and methods of detection, 253
- Aorta, calcification of, in rheumatoid arthritis, 35
- Apatite crystals, focal, deposition, acute inflammation associated with, 123
- Arteritis, giant-cell, presenting as polymyalgia rheumatica syndrome, 214
- , —, systemic, polymyalgia rheumatica a manifestation of, 121
- , widespread, in association with ankylosing spondylitis, 79
- Arthritis, *see also* Periarthritis; Polyarthritis
- , adjuvant, in rats, treatment with anti-inflammatory drugs, 35
- , as complication of surgically induced hypoparathyroidism, 215
- , chronic, in U.S.A., 177
- , due to *Bacteroides*, 256
- , —, blastomycosis, 215
- , inflammatory synovial effusion from, presence of a kinin in, 175
- , method for determining pedal pressure changes during weight-bearing, 213
- , monarticular, due to *Brucella*, 256
- , mononuclear cells of synovial fluid in, 302
- , occurring simultaneously with cancer, 303
- Arthritis, rheumatoid, calcification of aorta and main vessels in, 35
- , —, carpal tunnel syndrome in, 176
- , —, estimation of inflammatory activity in, 175
- , —, in Hiroshima and Nagasaki, 176
- , —, —, New Guinea, 77
- , —, intra-articular gold salts in, 77
- , —, juvenile, rheumatoid factor test in, 214
- , —, malabsorption in, an unusual complication caused by amyloidosis, 176
- , —, method of assessing osteoporosis quantitatively, 256
- , —, neuropathies of, 120
- , —, of hand and wrist, posterior synovectomy for, 35
- , —, osteoporosis of, influence of age, sex, and corticosteroid treatment, 256
- , —, plasma and synovial fluid levels of acetylsalicylic acid in, 255
- , —, posterior interosseous nerve palsy due to, 214
- , —, pulmonary nodules in, 214
- , —, pyramidal bodies in synovial fluid from, 175
- , —, renal biopsy in, 253
- , —, syndrome resembling, in patients with Laennec's cirrhosis, 265
- Aspirin, plasma and synovial fluid levels in rheumatoid arthritis, 255
- Austen-Moore prosthesis for advanced osteoarthritis of hip, 38
- Bacteroides*, arthritis due to, in a child, 256
- Blastomycosis arthritis, 215
- Blindness, polymyalgia rheumatica and, 214

- Blood vessels, main, calcification of, in rheumatoid arthritis, 35
- Bone avascular necrosis associated with systemic abnormalities, 79
- density index, new, for diagnosis of senile osteoporosis, 216
- marrow infarction in sickle-cell disorders, 346
- sclerosis in multiple myeloma, 79
- Brachial plexus, neuropathy of, as late complication of radiotherapy, 259
- ———, obstetric lesion of, 303
- Bronchitis and emphysema, chronic, painful shoulder in patients with, 78
- Brucella* arthritis in children, 256
- Calcium deficiency and osteoporosis, 213
- Cancer and arthritis occurring simultaneously, 303
- Carpal and tarsal tunnel syndrome, bilateral, 80
- tunnel syndrome in pregnancy, 176
- — — — — rheumatoid arthritis, 176
- Cartilage, articular, biopsy, value and difficulties, 179
- — — — —, of osteoarthritic dogs, protein and ribonucleic acid synthesis in, 303
- Cauda equina, "intermittent ischaemia" of, due to stenosis of lumbar canal, 39
- Childhood, diagnosis of osteoporosis in, 79
- Chloroquine myopathy, 36
- retinopathy, screening of patients for, 78
- treatment of spontaneous leg cramps, 123
- Chordoma, back and hip pain due to, in pregnancy, 303
- Claudication, intermittent, lateral lumbar disc protrusions and, 38
- Collagen-vascular disease, neurological manifestations, 121
- Complement serum levels, effects of rheumatoid factor on, 35
- Contraceptives, oral, exacerbation of systemic lupus erythematosus by, 78
- Corticosteroid drugs, comparative evaluation, 255
- injection into osteoarthritic finger joints, destructive changes due to, 37
- — — — — small joints by hypospray, 78
- Cramp in legs, chloroquine treatment, 123
- Deoxyribonucleic acid particles in synovial fluid, clinical significance, 77
- — — — —, response of cultured lymphocytes from patients with lupus erythematosus to, 175
- Diabetes mellitus, neuropathy of, and motor conduction velocity, 259
- Discectomy, cervical, and interbody fusion, late results, 346
- Dura mater, spinal, innervation of, 120
- Dystrophia myotonica, radiological survey, 80
- Elbow, osteoid osteoma of, difficulties of diagnosis, 37
- Electromyography, diagnostic, 213
- Epiphyses in metatarsals and knees, premature closure of, following poliomyelitis, 79
- Faeces, incontinence of, electrical treatment, 260
- Femur fractures in Paget's disease of bone in Australia, 258
- Fluorosis of bone, new type of, radiological aspects, 79
- Foot deformities, spastic, use of abnormal reflexes in treatment, 216
- extensor paralysis, lumbar disc herniations causing, prognosis of operative treatment, 80
- Furadantin therapy of urinary-tract infection, electromyographic changes after, 259
- Gaucher's disease, osteoarticular manifestations, 215
- Gold salts, effect on immune response, 213
- — — — —, intra-articular administration in rheumatoid arthritis, 77
- Gout, aetiological factors, 344
- birth order in, 256
- renal disease in, 345
- — — — —, topheaceous, effect of allopurinol on serum and urinary uric acid levels in, 36
- — — — —, uric acid nephrolithiasis in, predisposing factors, 345
- Granuloma, experimental, influence of hydrocortisone acetate on chemical composition of, 348
- Hand, erosive osteoarthritis of, 37
- — — — —, rheumatoid involvement of, posterior synovectomy for, 35
- wasting as early manifestation of familial spastic paraplegia, 37
- Hemiplegia, striatal, pathological findings, 178
- Hip, osteoarthritis of, advanced, Austin-Moore prosthesis for, 38
- Hydrocortisone, influence on chemical composition of experimental granulomata, 348
- — — — —, intra-articular, in osteoarthritis, 215
- Hyperparathyroidism, myopathy and, 259
- Hypnosis in relief of pain, 302
- Hypoparathyroidism, surgically induced, acute arthritis as complication, 215
- Hypospray jet injections of corticosteroids into small joints, 78
- Immune complexes, induction of proliferative synovitis in rabbits by intra-articular injection, 175
- — — — — response, effect of gold salts on, 213
- Incontinence, faecal, electrical treatment, 260
- Indices, composite, role in estimating inflammatory activity in rheumatoid arthritis, 175
- Indomethacin, toxicity of, in osteoarthritis, 176
- Industrial rehabilitation, 123
- Inflammation, acute, experimental model, 35
- Intervertebral disc, see Spine
- Ischaemia, intermittent, of cauda equina due to stenosis of lumbar canal, 39
- Joint cartilage biopsy, value and difficulties, 179
- Kidney biopsy in rheumatoid arthritis, 253
- calculus, uric acid, in gout, 345
- disease in gout, 345
- homotransplantation, musculoskeletal disorders after, 122
- Kinin present in inflammatory synovial effusion from arthritides of varying aetiologies, 175
- Klippel-Feil syndrome, genetic and clinical re-evaluation, 304
- Knee joint, synovial villi of, gross morphology of, 260

- Lathyrism, a review, 260  
 Lipid serum levels, correlation with uric acid levels in normal, gouty, and atherosclerotic men, 213  
 Lipomata, lumbosacral, in cases of spina bifida occulta, 178  
 Lithotomy position, femoral neuropathy from, new leg holder for prevention, 216  
 Longevity, physiology of, 120  
 Lumbar canal, stenosis of, "intermittent ischaemia" of cauda equina due to, 39  
 Lung nodules in rheumatoid disease, 214  
 —, rheumatoid disease of, with cavitation, 78  
 Lupus erythematosus, systemic, drug-induced, epidemiology of, 257  
 —, —, exacerbation by oral contraceptives, 78  
 —, —, response to deoxyribonucleic acid of cultured lymphocytes from, 175  
 McArdle's syndrome, 260  
 Malabsorption in rheumatoid arthritis, amyloidosis as cause of, 176  
 Meniscectomy, late results, 122  
 Mononucleosis, infectious, peripheral neuritis as complication, 179  
 Muscle atrophy, chronic spinal, 121  
 — spasm, continuous, in intramedullary tumours of neuraxis, 40  
 Musculoskeletal disorders after renal homotransplantation, 122  
 Myeloma, multiple, bone sclerosis in, 79  
 Myelopathy due to cervical spondylosis, treatment by collar immobilization, 39  
 Myopathy due to chloroquine, 36  
 —, osteomalacia and hyperparathyroidism and, 259  
 Myophosphorylase deficiency, 260  
 Myotonia atrophica, radiological survey, 80  
 Necrosis, osseous avascular, associated with systemic abnormalities, 79  
 Nephropathy due to analgesics, 80, 180  
 Nerve blockade in pain syndromes of questionable aetiology, 300  
 —, posterior interosseous, palsy due to rheumatoid arthritis, 214  
 — roots, lumbar, hyperalgesia of, in sciatica, 122  
 — supply of spinal dura mater, 120  
 Neuraxis, intramedullary tumours of, continuous muscle spasm in, 40  
 Neuritis, peripheral, as complication of infectious mononucleosis, 179  
 Neuroarthropathy, diabetic, with spontaneous peritalar fracture-dislocation, 39  
 Neurological manifestations of collagen-vascular disease, 121  
 — syndromes associated with anomalies of cervical spine and foramen magnum area, 342  
 Neurolytic substances in relief of pain, 301  
 Neuritis, vestibular, 178  
 Neuropathies of rheumatoid arthritis, 120  
 Neuropathy as late complication of radiotherapy, 259  
 —, diabetic, and motor conduction velocity, 259  
 —, femoral, after operation in lithotomy position, 216  
 Neuropathy, phenacetin, chronic, 80  
 New Guinea, rheumatoid arthritis in, 77  
 Old age, surgical treatment of disorders of lumbar spine in, 257  
 Osteitis deformans in a Bantu, report of case, 344  
 Osteoarthritis, acute pancreatitis after indomethacin treatment in, 176  
 — in dogs, protein and ribonucleic acid synthesis in articular cartilage, 303  
 — of finger joints, destructive changes due to intra-articular injection of corticosteroids, 37  
 — hands, erosive, 37  
 — hip, advanced, Austin-Moore prosthesis for, 38  
 Osteoarthritis, intra-articular hydrocortisone treatment, 215  
 Osteoarticular manifestations of Gaucher's disease, 215  
 Osteoma, osteoid, of elbow, difficulties of diagnosis, 37  
 Osteomalacia and rickets, recent progress in, 347  
 —, myopathy and, 259  
 Osteoporosis, calcium deficiency and, 213  
 —, diagnosis in childhood, 79  
 — of rheumatoid arthritis, influence of age, sex, and corticosteroid treatment, 256  
 —, quantitative assessment, 256  
 —, senile, new bone density index for diagnosis, 216  
 —, spinal, radiological criteria in study of, 121  
 —, treatment, 343  
 Paget's disease of bone in Australia, fractures of femur in, 258  
 — — spine with cord or nerve-root compression, 38  
 —, spinal compression due to, 345  
 Pain, clinical management, 300  
 —, control of, in advanced malignant disease, 342  
 —, epidural anaesthesia in management of, 302  
 —, hypnosis in relief of, 302  
 — in back and limbs due to cervical cord compression, 177  
 —, low back, 300  
 —, measurement of, 300  
 —, neurolytic substances in relief of, 301  
 — of questionable aetiology, differential neural blockade in, 300  
 —, psychological aspects, 342  
 —, radiotherapy in relief of, 302  
 —, referred, patterns of, normal, 253  
 —, sympathectomy for relief of, 301  
 Paraplegia, familial spastic, with amyotrophy of hands, 37  
 —, pressure ulcers in, surgical treatment, 347  
 Periarthritis, calcific, involving multiple sites, 79  
 Periostitis deformans, a new type of bone fluorosis, radiological aspects, 79  
 Peritalar fracture-dislocation, spontaneous, diabetic neuroarthropathy with, 39  
 Phenacetin neuropathy, chronic, 80  
 Poliomyelitis, premature closure of epiphyses in metatarsals and knees following, 79  
 Polyarthritis in cases of Laennec's cirrhosis, 256  
 — produced in sheep by agent of psittacosis-lymphogranuloma venereum-trachoma group, 179
